Dear VocaPeople,

Thank you for inviting us to the performance, I enjoyed the music and the performance, I also liked and thought it was really cool that you can make instrument noises with your mouth. I thought it was funny when you touched someones head and acted like you were being shocked by lightning. It was cool that all the sudden the lights turn off and when the lights turned back on you started a song and started making cool noises.

Sincerely,
Ian

you were
awsome up
there. I can't
belive you
made all
the sounds
from your
mouth.
