Dear Boerne Performing Arts,

Thank you for... leting the VOCA peaple come and perform right in front of our eyes! It was amazing with how thay could make thare voices do what they did. I loved that the boys had low voices and the girls had high voices. Some of the boys did not rilly have a low or a high voice. Tuba had the lowest voice which was incredible because going that low hurts my throut when I try to do what he did. This was an amaizing poforments from Boerne Performing Arts!! We ALL injowed with what you did!!

Sincerely,
Bryce
