

## TAP PACK TO HIT THE STAGE TAPPING!!

**BOERNE, TX – November 8, 2019.** As 2020 ticket sales for Boerne Performing Arts' HOT-HOT-HOT season continue to keep the phone ringing, the details of hosting the visiting artists continue to be finalized by the board members of Boerne Performing Arts. Transportation details must be made, arrangements for meals are coordinated by the hospitality committee, the student outreach programs and the volunteers that assist the 1,000 students in and out of Champion Auditorium are continuously being updated, and the technical aspects of the show are being reviewed on an almost daily basis to make sure that when the curtain opens, the local crowd is entertained by world-class artists that normally appear only in the larger venues across the country.

*Introducing Old School Cool from the new Kings of Swing...The Tap Pack! Inspired by the infamous "Rat Pack", the famous talents of Frank Sinatra, Dean Martin and Sammy Davis Junior among others, this high-energy performance of mind-blowing tap dancing, smooth vocals, a swinging live jazz band, and witty on-stage banter, will storm the Champion Auditorium stage on March 17, for the second show in the 3-concert series presented by Boerne Performing Arts.*

With dazzling performances on stage, dressed in slick suits and equipped with sharp wit, The Tap Pack is a modern twist on the classic Rat Pack. They infuse tap dance with swing music and witty banter. With credits on stage, film and television and with over 20 musical theatre productions between them, The Tap Pack is pure entertainment. They sing. They dance. They joke. They bring a new, invigorating energy to a timeless style.

Created by a three-person Australian team consisting of Jesse Rasmussen, Jordan Pollard, and Thomas Egan, and directed by Nigel Turner-Carroll, The Tap Pack has recently been featured on London's West End, at the illustrious Peacock Theatre, after touring Berlin, Beijing and the Edinburgh Fringe Festival. This ensemble from "down under" also performed in their homeland at the iconic Sydney Opera House. The group "lit up the harbour" with their highly anticipated show that was sold out...and ended in standing ovations. "The Tap Pack are proudly Australian and to entertain in our home town was something we'll never forget!" exclaims Rasmussen.

After opening the 2020 season with the a cappella sensation Voctave, Boerne Performing Arts will close the season with Momix, dance illusionists that defy gravity! Momix, known internationally for presenting work of exceptional inventiveness and physical beauty, has worked in film and television where their repertory has been broadcast to 55 countries. Moses Pendleton, founder and artistic director, choreographed the Opening Ceremonies for the 2014 Sochi Olympics and his company was selected to represent the United States at the European Cultural Center at Delphi.
